

The Wonders of WikiTree: Adventures in Collaborative Genealogy

Presented by

Michael Lee Stills

Saturday, June 16, 2018

**Somerset Public Library
1464 County St.
Somerset, MA**

11:00 Annual Business Meeting

11:30 Member Sharing

12:00 Presentation

Are you looking for new ways to solve old problems? Does your current genealogy website seem a bit stale lately? Join Michael and the Bristol Chapter members for a fun examination of WikiTree. Learn how to leverage the power of Collaborative Genealogy to break down walls, find new sources and help you grow the family tree. All you have to do is sign the Honor Code and get involved. Join us for an adventure that will open your mind to a new kind of genealogical experience.

Participants are asked to imagine what their ideal genealogical website would do for them and bring questions.
